Sir:

AMENDMENT

In response to the Office Action mailed November 7, 2002, please
amend the above-identified application as follows, without prejudice.

In the Claims:

Please amend claim 10 as set forth below:

10. (Once Amended) A method for transmitting a digital
image from a handheld digital camera to a plurality of selected receiver units over
a radio frequency link, comprising the steps of:

- (a) providing said handheld digital camera including:
- (i) an image sensor for capturing at least one image;
 - (ii) an A/D converter for producing digital image data
from each captured image;
 - (iii) a memory for storing the digital image data for at
least one captured image; and
 - (iv) a transceiver for transmitting the stored digital
image data via radio frequency transmission;
- (b) capturing an image using the image sensor;
